

ACCESSORY LIGHT KITS

For those wanting to add a light to either their Typhoon Mach 2, Coolah or Rosewood fan the Eclipse light kit is a popular choice. Available in twin E27 lamp holders with a range of colours to suit the desired fan choice.

For those who like the look and appeal of the Aeroforce fan an accessory 17W dimmable LED light is available.

Eclipse

Available in E27 lamp holders (bulbs not supplied)

Compatible with Typhoon Mach 2, Coolah and Rosewood

Available in the following colours: White (*Product Code: 713*), Brushed Chrome (*Product code: 715*),
Antique Brass (*Product code: 720*), Matt Black (*Product code: 716*), 316 Stainless Steel (*Product code: 721*)

Aeroforce LED light

17W LED, 3000K Warm White (dimnable)

Compatible with Aeroforce fan only

(*Product code: 894*)

ACCESSORY LIGHT KITS

Concept™ 3, Concept™ 2 and ecO2

Hunter Pacific offers an accessory E27 light kit for those cost conscious buyers who need a light on their Concept™3 fan but don't necessarily want to step up to LED lighting.

For those that have an existing Concept™2 or ecO2 fan (*SMT 2014 onwards*) the Concept™3 LED light is available as an upgrade to replace the R7s lamp holder version or for those who want a cleaner more elegant look for their fan with light.
