## VOLTRON X edition

Sleek, modern and elegant perfectly describe the Hunter Pacific VOLTRON X edition remote control handsets. The VOLTRON X edition receiver module offers enhanced functionality, including Hunter Pacific's acclaimed easy programming system, Power on Light (PoL) selection, four speed fan control, timer functions (fan & light) and variable dimming compatible with both incandescent and STARFIRE-LED range of lights. Available October 2015.

## UNITRON-RC1

Although a basic remote control system UNITRON-RC1 includes Hunter Pacific's acclaimed easy programming system, Power on Light (PoL) selection and universal lighting control (on/off) compatible with all types of household lighting technology.
